Cholera Infantem. — The Boston Medical and Surgical Journal states that this disease is unusually severe the present season. At a recent meeting of Physicians in that city several cases were reported in which the anddenness of attack and the rapidity of the course of disease were remarkable. The disease is very prevalent and very fault in Providence. We hear also, of quite a number of cases in the west, and in the country at that, cocasioned in most instances, no dunbt, by undue exposure and improper

THIS WORK DIFFERS MATERIALLY from other publications, being an filiastrated Periodical, devoted to the promulgation of information relating to the various Michanical and Chemical Abra, Mantacetters, Agriculture, Represented which the light of Phactical Science is calculated to advance.

Every number of the SCIENTIFIC AMERICAN contains sixteen pages of reading matter, abundantly filiastrated with from eight to ten Exematynes—all of which are expressly engraved for this publication. All the most valuable patented discoveries are definested and described it in suns, so that, as respects invention, it may be justly regarded as an illustrated Repertory, where the inventor may learn what has been done beforehim in the same field which he is exploring, and where he may bring to the world a knowledge of his own achievements.

Reports of American Patents granted are also published every week, including Official Copies of all the Patent Office Records expressly for this paper, and subtished in the SCIENTIFIC AMERICAN are among the most eminent scientific and practical men of the times. The editorial department is universally acknowledged to be conducted with great ability and to be distinguished not only for the excellence said trethfulness of its discussions, but for the fearledness with which error is combated and false theories are exploded.

Mechanics, Inventors, Engineers, Chemists, Manufactures, Agricularists, and people in every profession of life, will find the SCIENTIFIC AMERICAN to be of great valse in their respective callings. Its commets and suggestions will save them handress of dalars and Michael Rules, Engine Say the Science Say and Checker Type, Orantocals, Elipse, Carley Procession of life, will find the SCIENTIFIC AMERICAN to be of great valse in their respective eatlings.
